Subject: Re: Discussion with Walter

Hi Terra

I am sure that we can find some time on Thursday to talk. You don't have to make a special trip in on the other days unless you want to attend the meeting on Wednesday (You can check with Regan as to whether you are expected to attend that meeting)

I don't know what has been arranged for the remote users. The material is available in electronic form so I am sure that the material can be provided to them electronically. If this isn't resolved before next Wednesday, we can do this when we meet with Regan then.

I will defer to Arnie concerning the "help" issue. He has been talking to Lew about this so I don't know where this stands.

I will check into the OneDrive link. I thought that I had seen the email but can't find it now. Can you resend the link please.

Concerning the EWRI questions:

I suggest that select Planning and Management Council as your Council and then WDSA as your technical group
Enter your EWRI ID number as the ASCE-EWRI ID

Best wishes

Walter

Hi Walter,

I hope I'll be able to connect with you while you are in town as well. I typically work from home on Wednesdays and Fridays, but I'll try to make arrangement to be in the office if we're able to select a time. I'll be around on Thursday, so I might drop in for a visit.

Speaking of the training, Regan had setup a way for remote users to attend, but they were asking about obtaining the course material. I didn't see a response from her yet, so I'm not sure if they've already been given to them. Also, Michael noted that a new version of the EPANET GUI Delphi 2.00.12 version will be on the website soon. I mentioned to him yesterday that he should reach out to you and Arnie to make you aware just in case it impacts the class. The new version helps address the help issue that we are seeing with Windows 10 that Arnie provided a work around for last year's course.

Also, I had sent you a OneDrive link to download the Versar report in August. Were you able to access the file? I would like to be able to use this method to share files back and forth, since I don't have the best luck in emailing them to you. Please let me know if I need to resend the link or if you have problems using it.

One more question related to the EWRI Leadership Council meeting. I was trying to register, but I was not sure of the correct information to provide. What would be the Council or Committee name? Is this Planning and Management Council or N/A? What about the Technical Group or EWRI Chapter? Is this WDSA or N/A? Is my ASCE-EWRI ID Number different than just my ASCE number? I'm just a member of EWRI and not ASCE, so is the number the same? None of these fields seem to be mandatory, besides the ID number if I want to get reimbursed. I would appreciate any thoughts you might have on how to RSVP.

Thanks and I hope to see you next week,
Terra

Hi Terra
I hope that we will have a few minutes when I am in town next week to talk. I will be there Wednesday afternoon for meeting with Regan and NCIMM group, and then all day on Thursday and Friday for the class.
Best wishes
Walter

Hi Walter, Kelly and Hiba,

We'll meet on Monday, August 6th at 11:15 in Hiba's office (NG35). I scheduled the discussion for one hour, but we can adjust the time as necessary. Walter has to leave by 1 pm.

See you on Monday.

Thanks,
Terra
